

# SNOWSHOE TOURING

## 2 HOUR "WINTER WONDERLAND" TOUR

Snow-carpeted forests and abundant wildlife. A snowshoe hike through the Saas Valley with local guides is a truly special experience.

**CHF 50.- per person** (minimum three participants).

## 3 HOUR TOUR "ON THE CHAMOIS TRAILS"

As we quietly tread our path, we spot footprints in the snow... with a bit of luck we'll come across the chamois. As long as we don't venture too close, we'll be able to watch them for a while and even catch them on camera. Snowshoes let you enjoy the wintry landscape without the stress and hurry of other snowsports.

**CHF 75.- per person** (minimum three participants).

## 4 HOUR, ½ DAY "MOUNTAIN PANORAMA" TOUR

You can also explore high alpine terrain on snowshoes. When the snow and the weather conditions are right, journey upwards with the mountain railway and then enjoy a stunning panoramic tour. Experience the enormity of the Mischabel mountain range and the imposing 4,000 metre high peaks up close. Fantastic views stretch far over the Eastern Alps. This tour requires good basic fitness.

*Lift ticket not included in the price!*

**CHF 100.- per person** (minimum three participants).

**ON ALL TOURS: SNOWSHOES, POLES AND HOT TEA ARE INCLUDED.**
